CLARITY. CONFIDENCE. STYLE THAT WORKS.

A closet audit isn't just about your clothes—
it's about rediscovering your style, your worth
and the woman you are becoming.

I just had the most amazing closet audit/remix with Sonia Douglas and I'm still on cloud nine! She has a gift for seeing potential in pieces I forgot I even owned and creating so many new looks with what was already in my closet. I feel lighter, more confident and so clear on my style direction.

If you're ready to love what's in your closet again, I can't recommend Sonia enough! 💖

Yay! I'm so glad! Thank you so much for trusting me!

“ Sonia didn't just clean out my closet— she transformed it! I discovered new combinations, new confidence and a style that feels so ME. I've already shared her with so many amazing women in my network! ”
